[javellanasteto99@gmail.com](mailto:javellanasteto99@gmail.com)

Bacolod City, Negros Occidental, Philippines

## PROFESSIONAL SUMMARY

I'm a full-stack developer obsessed with user happiness! I bridge the gap between design and development, ensuring every application I create addresses user needs and frustrations. My passion for algorithms helps me conquer complex challenges throughout the SDLC, resulting in user-centric solutions

## SKILL SET

Front-End	Back-End	Database	Others
Nuxt	PHP	MySQL	AWS Services
Vuetify	Laravel / CodeIgniter	MSSQL	Git
Vue	ASP.NET Core		GitHub
Vuex			GitLab
JQuery			Postman
Bootstrap			

## PROFESSIONAL EXPERIENCE

Jan. 2023 – March 2024

Spring Valley Tech Corp

Bago City, Philippines

### FULL STACK WEB DEVELOPER

#### TELEHEALTH

A CRM platform that lets patients and doctors conduct appointments remotely.

- Facilitated requirements gathering sessions with stakeholders to ensure clear understanding of project needs.
- Liaise with fellow developers.
- Responsible for implementing new functions and bug fixes.
- Implemented efficient database queries and optimizations for scalability and fast-retrieval.
- Diagnosed and Debugged issues across multiple environments, including development, testing, UAT, and production.
- Refactored and optimized code to improve efficiency and maintainability without compromising functionality.

Technologies: *Html, CSS, JavaScript, Bootstrap, JQuery, PHP, MySQL, Git, GitLab, SOAP Service*

2021 – 2023

Hanjen Technologies  
Bacolod City, Philippines

## SOFTWARE DEVELOPER

### HRIS

A cloud-based, multi-tenant system that centralizes HRIS and payroll for multiple organizations, boosting efficiency and data-driven decision-making

- Conducted a comprehensive review of Philippine HRIS and payroll systems to define data requirements.
- Worked closely with the product owner to bring the best possible products to life.
- Designed and implemented the multi-tenant database schema (ERD).
- Created efficient SQL queries for complex data manipulation within stored procedures.
- Developed business logic layers leveraging the Repository Pattern to manage data interactions and business rules.
- Developed a well-structured and reusable function.

Technologies: *Html, CSS, JavaScript, Bootstrap, JQuery, C# ASP.NET Core, MSSQL*

2019 – 2021

Delcom Systems &  
Solutions  
Bacolod City, Philippines

## SOFTWARE DEVELOPER

### PURCHASE REQUISITION

An in-house purchase requisition system streamlines internal purchasing by allowing employees to request and managers to approve goods and services.

- Led the development and ensured the long-term health of a monolithic application.
- Engaged in collaborative discussions with the product owner to define product goals.
- Collaborated cross-functionally with various departments to brainstorm and develop innovative software solutions.
- Designed client-side and server-side architecture.
- Developed application workflows and application logic.
- Engaged users in a product flow walkthrough, combining explanation with an interactive demonstration.

Technologies: *Html, CSS, JavaScript, Vue, Vuetify, PHP, Laravel, MySQL*

## EDUCATION

---

2015 - 2019

Bacolod City College

## BACHELOR OF SCIENCE IN INFORMATION SYSTEM
